

## TALLA SAI CHARITH

Software Engineer Intern | Full-Stack & AI Systems

saicharith@gmail.com | github.com/tallasaicharith | +91 98765 43210

## EDUCATION

B.Tech in Computer Science & Engineering | GPA: 8.9 / 10.0 | 2022 - 2026

## TECHNICAL SKILLS

Languages: C++, Python, TypeScript, JavaScript, SQL

Frameworks: React, Next.js, Node.js, Express, TailwindCSS, REST APIs

Databases & Cloud: PostgreSQL, Supabase, Prisma ORM, Docker, Git, AWS

## PROJECTS

StudentOS - AI Academic & Productivity Operating System

- Built Next.js 16 full-stack app with LangChain AI Copilot and 100% Supabase DB persistence.
- Developed real-time ATS Resume Scorer parsing PDF/DOCX resumes, improving score accuracy by 40%.

C++ High-Performance Key-Value Cache Engine

- Engineered C++17 multi-threaded cache handling 50k requests/sec with 42% latency reduction.

## EXPERIENCE

Software Engineering Intern | Tech Innovators Lab (2025)

- Optimized PostgreSQL database queries by 40% and built 12 Next.js serverless REST API endpoints.

## ACHIEVEMENTS

- Solved 350+ LeetCode DSA problems. AWS Certified Cloud Practitioner.
